7 May 1952

Dear Dr. Campbell:

We are happy, indeed, to learn from your letter of May 5, that you will attend the ceremony on the 18th, honoring Miss Anthony and Thomas Paine.

What you received is really an invitation, and not a program. The sculptor will, of course, be given due recognition in the program. A photograph of the bust will be reproduced and the sculptor's name will appear under the dates of birth and death. In addition to this, Dr. Sockman will pay special tribute to the sculptors who modeled the bronzes, when he is presiding. In the final analysis, we hope you will agree with us that while the sculptors who modeled the bronzes will be recognized for their artistic productions, it is really the persons selected for the Hall of Fame who are being signally honored. Also, since the sculptors are not actually participants in the program, for the purposes of speaking, they are not usually included in the invitation.

Very sincerely yours,

Bertha L. Lyons (Mrs. N.)

Dr. Alice B. Campbell
